

PRESS RELEASE

EPIC GAS LTD. TAKES DELIVERY OF 11,000CBM NEWBUILDING

Singapore, 29 March 2017

Epic Gas Ltd. announced today that the 11,000cbm LPG carrier Epic Salina, the last vessel in the Company’s series of eight pressurised LPG newbuildings, delivered on 29 March 2017 from Kyokuyo Shipyard, Japan.

Since the first quarter of 2013 we have grown from 22 vessels of total capacity 99,500 cubic metre, to 41 vessels and 268,900 cubic metre today, a 270% increase. Our average vessel size has increased from 4,523 to 6,559 cubic metre.

Epic Gas remains committed to providing a high-quality fleet of long term controlled assets across the fully pressurised sector of 3,300 – 11,000cbm. The Company’s fleet is segmented as follows:

Vessel Segment	On the Water	CBM Capacity
3,000-4,999	9	32,500
5,000-6,999	11	56,300
7,000-8,999	13	95,100
9,000-10,999	2	19,000
11,000	6	66,000
Total	41	268,900

Epic Salina

About Epic Gas

Epic Gas owns and operates a fleet of fully pressurised gas carriers providing seaborne services for the transportation of liquefied petroleum gas and petrochemicals. The company controls a fleet of 41 vessels which serve the international supply chains of leading oil majors and commodity traders throughout Asia, Europe, Africa and the Americas.
